COMMUNITY ENGAGEMENT CITY PRECINCT MASTER PLANNING

Port Lincoln businesses and the community will have the opportunity to share their experiences of our city and their aspirations for its future at a major "Co-Design Workshop" on December 6th and 7th as part of the consultation process for developing master plans for the foreshore, CBD and marina precincts. The precinct master plans will establish a shared vision for the long-term future of the City.

Council invites the community to be involved throughout the master planning process, as we work with a highly talented group of planning and design experts. This is a fantastic opportunity to strengthen the city through liveability, tourism, recreation and economic development while preserving and making visible our culture and historic character.

City of Port Lincoln is set to welcome the first of thirteen cruise ships for the 2018/2019 summer season on Friday 30 November 2018. The Noordam will be visiting Port Lincoln for the second time with approximately 1900 passengers and 850 crew members on board.

Visitors and locals can come and experience an up close and personal look at the selection of Eyre Peninsula artists demonstrating their work and browse their original handmade designs and items which are available for purchase at the NAC on Friday.
