COUNCIL SUPPORTS STAKEHOLDERS

Council is continuing to work very closely with the appointed administrators PKF Adelaide to work through the process of the Leisure Centre Stadium Expansion project continuing under the control of PKF Adelaide. If achieved this could give some relief for local contractors and suppliers.

Mayor Brad Flaherty said that “The sub-contractors and suppliers are at the forefront of the minds of those in council and we are making this very clear to the administrators. Council is doing everything it can to ensure that the project can continue with minimal disruption and financial impact.”

This has had a big impact on many people in our community and Council is doing its best to get some answers and find a way forward as quick as possible to minimise not only the financial impact on those connected to this project but also the impact on the emotional and mental wellbeing of our community.

Anyone who is struggling is encouraged to seek support. Mentally Fit EP is available to offer links to mental health service for people impacted or concerned about a friend or loved one.
